Triple Creek RV Music Park Newsletter

OUR FAVORITE NATIVE:
PILEATED "WOODPICKER"

Always check our web site for current activities and schedules!!!

Redhead Express

Triple Creek's own family of the Redhead Express will be here January 9th, 2016.

Folks, they only keep getting better.....and lager (they now have some new family members). The girls have grown up after all the years of appearing here at Triple Creek, and started families of their own. However, the extended family is traveling and contributing to this wonderful family of music. As usual,

they will be providing workshops, so come early, and plan to stay late as you get to mingle and work with this group of professionals. Its certainly going to be a great time as they come home and share with us their lifes many adventures. Pack plenty of cash to donate so they can continue in their education and travels.

Work Campers

Please take time to thank the many work campers that make their way through Triple Creek. Each has been a great fit who enjoy long-term camping and add a little extra adventure to their trips.

Happy Thanksgiving.

Don't forget our Thanksgiving feast. As usual, it will involve EVERYONE here at Triple Creek. We will enjoy our meal and watch football on the big screen. Its typical that all our snowbirds will be here and so we will be renewing old friendships. Of course there will be music. There is always music at all events.

Music Schedule:

- 1st Saturday weekend:
Gospel
- 2nd Saturday weekend:
Open Jam (Pickin')
- 3rd Saturday weekend:
Classic Country
- 4th Saturday weekend:
Bluegrass
- 5th Saturday weekend:
Open Jam (Pickin')
unless Special Activity
planned (see Website)

Join Us for Pickin' in the Pines!

GEOCACHING comes to Triple Creek. On October 10th.

Join the world's largest treasure hunt!

Well Triple Creek was filled with Geocachers on October 10. This event was hosted by our friends Charles and Lois Glenn. It was wonderful and so well coordinated.

What makes the event so special is that people that were new to Triple Creek for this event have already returned. They have found out about the Triple Creek hospitality. Thanks to everyone for making them feel comfortable here.

JOB WANTED!

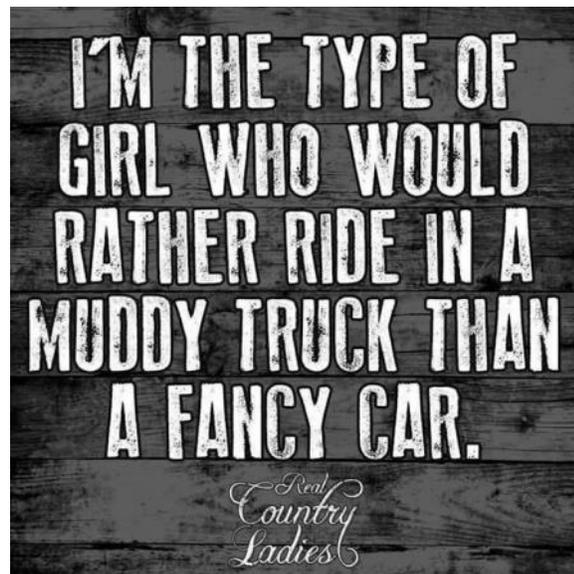

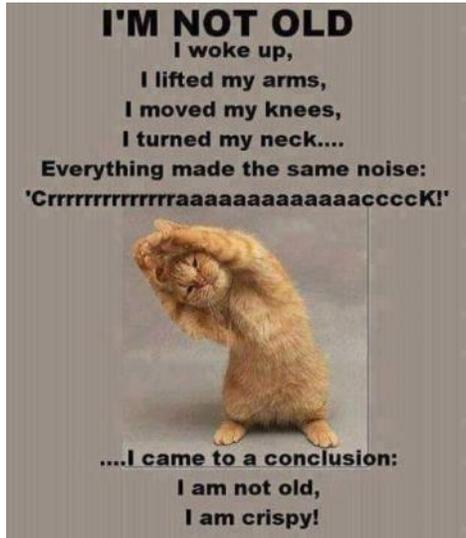

"Little" Ricky is looking for a full time job in the Woodville area. If you know of anything, please let Karen or Marc know and we will relay the message. He currently has a part time job in town, but is looking for something that will provide him with full time work.

Little Ricky is a great hand around Triple Creek and if you have noticed, he is willing to pitch in and do everything. His youth is driving him to constantly be in motion, We are willing to tell any potential employer just how dedicated and reliable he is.

POT LUCK DINNERS!

Please remember that the events on the weekends are all **FREE**. We **ALWAYS** have a Pot Luck dinner before we kick off the music playing. If you weren't able to pick up something for the Pot Luck, just donate cash to the Pink Pig. Donations are used for Jam Shack supplies, as well as the ever growing cost of electricity that is used by the AC. Those providing the dinner will appreciate everyone participating.

Internet

Here at Triple Creek, we have FREE WiFi. It is provided by a connection with HughesNet. The good news is that this can be a wonderful provider to all of us on a regular basis. However, it is a service that we all share. While this is a commercial account with a lot of capacity, we are allocated a certain amount of capacity. Once this total capacity is exceeded, the account becomes throttled for the next 24 hours.

Streaming a movie will quickly exceed our total capacity, and as a result, the capacity of the service will be limited for everyone in the park. There, please limit your use of the WiFi to checking your email and stuff like that.

Need that perfect present for your musician friend?

Karen has now become a dealer for some of these items that just speak for themselves. You know someone's passionate about music when even their toilet seats are decorated according to this theme. Besides the fact this work is creative, it can easily improve the interior design of a dull bathroom.

There are plenty of models you can choose from, according to your favorite instrument or preferred color. You have the possibility to opt for an acoustic or an electric guitar, each with its own distinctive design. Don't worry if you don't like a guitar in your bathroom, there is also a piano model you could install in a similar way.

New Years Dancel!

Put it on your calendar. This year, "Lil Teri" will be at Triple Creek to provide her brand of humor and music. Lil Teri is very funny and takes her every day life for material, She constantly states the material just writes itself. She also plays musical instruments and is a stellar singer. She was recently selected to entertain at Moody Gardens in Galveston.

Whether she's talking about crazy marriage, her growing kids, her beloved grandparents, doing one of her dead-on impressions or joking about her life growing up in a barbershop quartet, Lil Teri takes her audience on a hilarious, heartfelt journey, finding enjoyment in the absurdities of life

Lil Teri became fascinated with comedy very early on. While her mom spent countless hours raising a house hold of musicians, Lil Teri s and her sister Beverly would pass the time watching the popular TV shows of the 60's and 70's. She became so engaged in the performances of her favorite comic personalities, it didn't take long before she began to emulate the characters she came to love.

On any given night, she would entertain his family with remarkably accurate portrayals from shows like Carol Burnett, "Red Skelton", "Dean Martin" as well as "Rowan and Martin".

In The News!

- Ricky is doing well after having his hernia repaired last month. He is up and around with his usual smiling face.. We asked to have his yankee accent removed, but apparently they missed that in the operation..
- Sandy of Danny and Sandy suddenly blacked out at home and fell to the ground. She skinned her nose and hurt her neck, but like all Triple Creek people she was still out here the following weekend.
- Mrs Ethel is posting on Facebook. Nothing is going to slow her down.
- Wanda is the lady that delivers our mail out here at Triple Creek. Please thank her for coming to see us every day.
- DJ planted a very special tree for Lois. Poor Kenny had been taking care of it, but its finally planted. Please ask Lois to point it out to you, and tell you just how unique it is. This is a funny story!
- Karen purchased 62 citrus trees. They are now planted all around Triple Creek. Its been suggested that future cook offs will utilize the home grown fruit.
- Charles (Lewis & Clark) is back home at Triple Creek. Apparently he is going to be here for a while.
- Leo has decided that he wants a bigger trailer. We don't know why that single man needs more room, but should any of you find a larger trailer that he might like, please let us know.
- Nancy—Speaking of a bigger place, Deadwood Dan's mom would also like to find herself a bigger RV to live in. Everyone wants to change. BTW, Big Bob and Marc meet up at Nancy's "café" about 7 in the morning for coffee and gossip. Come join us.
- Bacon—Deadwood Dan recently made some home made bacon. We don't know where its hidden, but its made. If you pass his house and get a whiff of the smell, stop in, taste it, and let us know how it turned out.

Welcome Back Snowbirds!

Snowbirds are always welcome back to Triple Creek, Texas. Its very typical for the Snowbirds to join together and come up with projects that benefit Triple Creek residents. Well, the year of 2015 is not going to be any different. We already have one snowbird that has arrived and he has gone to work planning this years project.. You see, a lot of people like to use the shop to do odds and ends on their cars or trailers or anything. So it was decided that since we are all getting older, the concept of crawling under a vehicle was for the birds (no pun intended). We put our minds together and tried to determine how best to resolve that issue. The solution was the installation of a car lift.

Soon we will be pouring cement and working on the installation of a car lift. With that equipment, it will make it a lot easier to do the little jobs of greasing and inspecting the under side of our vehicles.

The lift is going on the outside of the shop so it will be next to all the tools. One of the snowbirds said the next project will be to install a roof over the lift. Oh these snowbirds can think of more things to do. Sure hope they think of splitting some wood so we have a nice warm Jam Shack this winter.

Sabine River Bend

Always remember that Triple Creek is a dealer for the much desired Blueridge guitar that is part of the Bluegrass sound.

Join Us for Pickin' in the Pines!

The end of October really brought us some much needed rain. Pictured is the overflow coming out of our lower damn. This is one big water flow.

By the way, if you haven't been down there lately, that little pond area is really starting to develop into a real nice area. We continue to stock fish, and their movement is certainly visible in there. Now, if all this rain just doesn't wash them all downstream, we will be in fine shape. BTW, this lower pond is spring fed, as even in the driest of seasons, we have a small amount of water in the overflow. Its nice.

Charles has been at it again. He has been down at the creek and captured this image.

Can you find the fact in this picture? Its just as clear as can be when you spot it.

One must think what this is that he captured and where the heart of it is. Where did it come from? Why is it there?

Big Bob has refurbished the wood splitter and has it ready to go for the season. If you can help us, we need to split some wood in preparation for the winter season. As you may know, we heat the Jam Shack with wood all winter long. There are always people that are ready to huddle around the pot bellied stove, so now we are hoping there are some people that are willing to huddle around the wood splitter.

You can thank the work campers for all that they do as well! They are all a big help to keep Triple Creek RV the wonderful place we all enjoy... THANKS!

Join Us for Pickin' in the Pines!

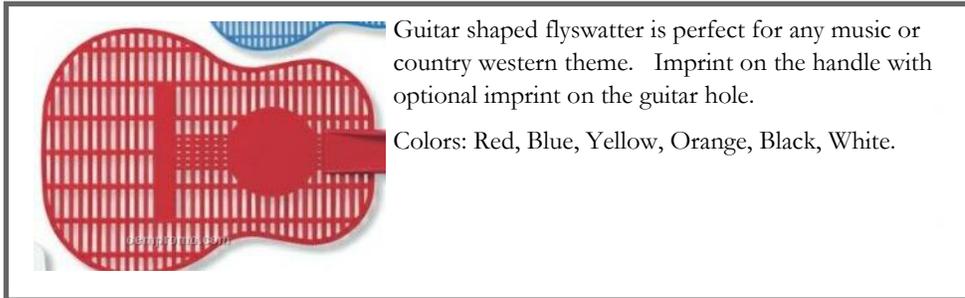

Did I share this with you? This is Karen pulling the gator out of the water. She is tough.

All that green material floating on the pond is "duck weed". Do you know they actually sell that stuff on E-bay? We found out AFTER we stocked the pond with fish that should eat it all. We just put those fish in there during the month of September.

Deadwood Dan found the place where the pond was leaking. Dan and Leo did some digging this summer and have the damn repaired where it will now fill up and hold water. Yes, the picture on the right is the same pond pictured on the left, but AFTER it been filled. Once again we will have a full pond.

Thanks to Dan and Leo for getting out in the rain last year and discovering where the pond was leaking. Looks good now.

Winnaway Bed & Breakfast

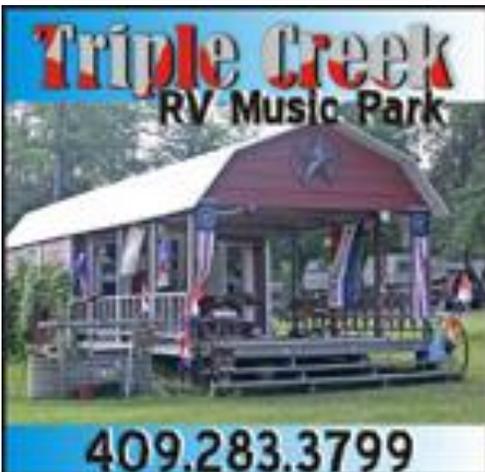

Our good friends David and Susie Winn operate Winnaway Bed & Breakfast adjacent to Triple Creek. Equipped with a private bath, kitchenette, and a big fireplace. It has two queen sized beds and has dish network and high speed internet. You have access to a pond for relaxing, fishing or canoeing. They have over 40 acres to hike with beautiful trees and a creek that runs through it. Weather you need a place to stay while you are working in our area or a weekend to catch your breath, they will be happy to provide your lodging needs.
